

FULL MOON

Description

Full Moon is a hybrid that traces to Unique, Limousine and Midnight. It has a medium green colour, with a medium-fine leaf texture. This variety has good heat and drought tolerance making it a good blend component with tall fescue and other Bluegrasses. Full Moon has good winter colour and good summer performance with its heat and drought tolerance. This makes it a good blending component. Its rust resistance makes it useful in blends with dark blue coloured Bluegrasses and Perennial ryegrass. The high seed yield potential helps to ensure that it will be in production and available for markets worldwide. Full Moon is a TWCA listed variety
